"Where WE
NURTURE with
the ART of
SCIENCE and
BEAUTY"

BREAST CANCER AWARENESS MONTH, FALL FASHION & NEW TEAM MEMBERS.

By Eunice Soto

BREAST CANCER AWARENESS - Fall is here again! It seems like just yesterday we were talking about the end of the 2008 and looking forward to 2009.

This Fall we have so many exciting things to talk about it's hard to know where to start.

First of all, October is Breast Cancer awareness month. You may have a friend or a family member who has been affected by breast cancer. It's for this reason we want to make sure to talk about the commemorative Aveda Hand Relief lotion. \$1 of every sale will go towards breast cancer research.

Please make sure to talk to your clients about this wonderful cause

and how they can participate by buying one today.

With the new season comes new fashion and trendy looks.

Fall is a great opportunity to update your look and go find those special winter boots or trendy scarf! It's also a good time to look at makeup color and updating your look with Aveda makeup.

This Fall Milagro Salons wants to make sure that the value added service of a makeup touch-up is delivered for each and every client.

Be sure to advise your guest about the makeup touchup at the end of the service. Discussing the new makeup line, formulation

changes, updated colors and your personal experience are very important talking points. Most importantly advise them about the products you are using during the service. Your guest is expecting you to be the expert on products, so don't let them down.

Milagro Salons would like to welcome Sarah Dudley and Sarah Skinkle-Howard as our newest Team Members. "Sarah D" will be taking the Front Desk Coordinator position beginning October 7th and "Sarah S-K" has begun October 1st as our newest apprentice. Please join us in a warm welcome to both of them.
